

Home Care Infection Prevention and Control Program®

TABLE OF CONTENTS

INFECTION PREVENTION AND CONTROL PLAN

Section I: Infection Prevention and Control Program.....

Infection Prevention and Control Program Goals.....

Infection Prevention and Control Objectives

Infection Prevention and Control Strategies

Section II: Infection Prevention and Control Risk Assessment

Infection Prevention and Control Risk Assessment.....

Scope of Services

Service Duration and Location of Care

Patient Demographics.....

Patient Population Served.....

Specialty Patient Population Served.....

Patient Diagnoses.....

High-risk Patients

Treatment and Procedures Performed.....

Geographic Location Served.....

Community Environment and Health Indicators for the Counties Served

Medical Devices, Equipment, or Supplies

Medical Waste

Occupational Exposures and Risks

Epidemiologically Important Issues.....

Infection Prevention and Control Data Analysis.....

Outbreak Investigation.....

Risk of Infection Transmission

Evaluation of the Patient and Environment

Section III: Strategies to Minimize, Reduce, or Eliminate the Prioritized Risks

Evidence-based Infection Prevention and Control Operating Guidelines

Infection Prevention and Control Strategies

Strategies for Minimizing Infection Risks and Occupational Exposures

Staff Strategies for Preventing and Controlling Infection Transmission.....

Patient and Caregiver Strategies for Preventing and Controlling Infection Transmission in the Patient's Care

Setting

Strategies for Preventing and Controlling Infection Transmission in the Office Environment.....

Section IV: Structure and Resources for the Infection Prevention and Control Program

Organization-wide Collaboration

Infection Prevention and Control Program Management.....

Authority and Responsibility for the Infection Prevention and Control Program

Governing Body: Infection Prevention and Control Duties and Responsibilities.....

Administrator: Infection Prevention and Control Duties and Responsibilities.....

Clinical Manager: Infection Prevention and Control Duties and Responsibilities

Infection Preventionist: Duties and Responsibilities.....

Patient Care Providers/Field Staff: Infection Prevention and Control Duties and Responsibilities.....

Home Care Infection Prevention and Control Program®

TABLE OF CONTENTS

Integration into Infection Prevention and Control Activities
Infection Prevention and Control Oversight

SURVEILLANCE, IDENTIFICATION, AND REPORTING OF INFECTIONS

Home Care and Hospice Surveillance Activities
Identifying a Home Care-onset Healthcare-associated Infection
Infections Present on Admission and Other Excluded Infections
Criteria for Selecting and Collecting Patient Surveillance Data
Calculating the Metrics for a Home Care-onset Infection Incidence Rate
Collecting Denominator Data for Device-associated Infections
Conducting Surveillance Activities for a Urinary Tract Infection
Conducting Surveillance Activities for a Central Line-associated Bloodstream Infection
Conducting Surveillance Activities for a Skin and Soft Tissue Infection
Collecting and Aggregating Patient Surveillance Data
Analyzing a Home Care-onset Healthcare-associated Infection
Outbreak Surveillance Activities
Criteria for Internal Reporting of Infections
Criteria for External Reporting of Infections
Contacting Public Health Agencies
Occupational Health Surveillance Activities
Monitoring Infection Prevention and Control Processes
Evaluating the Surveillance Program
Appendix
Home Care & Hospice Surveillance Definitions
Bloodstream Infection (Central Line-associated Bloodstream Infection)
Bloodstream Infection (Non-central Line-associated Bloodstream Infection)
Venous Infection
Clostridioides difficile Infection
Gastroenteritis
Coronavirus Disease 2019
Influenza
Lower Respiratory Infection
Skin and Soft Tissue Infection in a Non-surgical Wound, Decubitus Ulcer, or Around a Non-vascular Indwelling Device

Home Care Infection Prevention and Control Program®

TABLE OF CONTENTS

<i>Home Health or Facility-based Hospice Care Catheter-associated Symptomatic Urinary Tract Infection</i>	
<i>Home Health or Facility-based Hospice Care Symptomatic Urinary Tract Infection</i>	
<i>Home Hospice Symptomatic Urinary Tract Infection and Catheter-associated Symptomatic Urinary Tract Infection</i>	
<i>Outcome Measures to Calculate a Home Care-onset Healthcare-associated Infection</i>	
<i>Patient Surveillance: Outcome Measures - Device and Procedure-associated Infections</i>	
<i>Process Measures to Calculate Compliance with Infection Prevention Activities.....</i>	
<i>Outcome Measures to Calculate Occupational Health Surveillance Activities</i>	
<i>Skin and Soft Tissue Infection Surveillance Worksheet.....</i>	
<i>Urinary Tract Infection Surveillance Worksheet.....</i>	
<i>Central Line-associated Bloodstream Infection Surveillance Worksheet</i>	
<i>Central Line-associated Bloodstream Infection Line List</i>	
<i>Catheter-associated Symptomatic Urinary Tract Infection Line List</i>	
<i>Skin and Soft Tissue Infection Line List</i>	
<i>Home Care & Hospice Monthly Surveillance Report</i>	
<i>Home Care & Hospice Surveillance Summary</i>	
<i>Home Care & Hospice Infections Present on Admission and Other Excluded Infections</i>	
<i>Home Care & Hospice Infections Present on Admission and Other Exclusions Summary</i>	
<i>Home Care Infection Prevention and Control Transfer Summary</i>	
<i>Multidrug-resistant Organism and C. difficile Prevalence and Incidence Log</i>	

HAND HYGIENE

HAND HYGIENE	
<i>Based on the Centers for Disease Control and Prevention's Guideline for Hand Hygiene in Health-Care Settings.....</i>	
Hand Hygiene Plan.....	
Indications for Hand Hygiene	
Hand Hygiene Using an Alcohol-based Hand Hygiene Product	
Hand Hygiene Using Soap and Water	
Hand Hygiene Products.....	
<i>Product Selection.....</i>	
<i>Alcohol-based Hand Hygiene Product</i>	
<i>Soap.....</i>	
<i>Hand Lotion or Cream</i>	
Hand Hygiene Supplies	
<i>Towels</i>	
<i>Home Care Bag Hand Hygiene Contents.....</i>	
<i>Management of Product Dispensers.....</i>	
Other Hand Hygiene Considerations	
<i>Artificial Fingernail Extenders or Enhancements.....</i>	

Home Care Infection Prevention and Control Program®

TABLE OF CONTENTS

<i>Nail Length</i>	
<i>Nail Polish.....</i>	
<i>Jewelry.....</i>	
<i>Hand and Forearm Bandages, Casts and Splints, and Skin Conditions.....</i>	
Hand Care Program.....	
Alcohol-based Hand Hygiene Product Storage	
Alcohol-based Hand Hygiene Product Storage and Placement in a Facility Providing Hospice Care	
CDC vs. WHO Hand Hygiene Guideline Comparison	
HAND HYGIENE	
<i>Based on the World Health Organization’s Guidelines on Hand Hygiene</i>	
Hand Hygiene Plan.....	
Indications for Hand Hygiene	
Hand Hygiene Using an Alcohol-based Hand Hygiene Product	
Hand Hygiene Using Soap and Water	
Hand Hygiene Products.....	
<i>Product Selection.....</i>	
<i>Alcohol-based Hand Hygiene Product</i>	
<i>Soap.....</i>	
<i>Hand Lotion or Cream</i>	
Hand Hygiene Supplies	
<i>Towels</i>	
<i>Home Care Bag Hand Hygiene Contents.....</i>	
<i>Management of Product Dispensers.....</i>	
Other Hand Hygiene Considerations	
<i>Artificial Fingernail Extenders or Enhancements.....</i>	
<i>Nail Length</i>	
<i>Nail Polish.....</i>	
<i>Jewelry.....</i>	
<i>Hand and Forearm Bandages, Casts and Splints, and Skin Conditions.....</i>	
Hand Care Program.....	
Alcohol-based Hand Hygiene Product Storage	
Alcohol-based Hand Hygiene Product Storage and Placement in a Facility Providing Hospice Care	

Home Care Infection Prevention and Control Program®

TABLE OF CONTENTS

CLEANING AND DISINFECTION

Principles of Cleaning and Disinfection	
Selecting a Disinfectant.....	
Soft Surface Sanitizing	
Medical Equipment: Noncritical Items	
Vital Sign Equipment and Management	
Electronic Medical Equipment Used by Patients.....	
Portable Electronic Devices: Laptop Computer, Tablet, and Peripherals	
Portable Electronic Devices: Electronic Visit Verification	
Principles of Bag Technique	
Cleaning and Sanitizing the Home Care Bag	
Core and Supplementary Contents in the Home Care Bag	
Equipment and Supplies Management: When the Home Care Bag is not Brought into the Home	
Children's Toys and Rehabilitation Equipment.....	
Medical Bed Mattress Cover	
Cleaning and Disinfecting Eye Protection	
Cleaning and Disinfecting a Half Mask Respirator	
Cleaning and Storing a Bath Basin	
Medical Equipment: Semicritical Items	
Point-of-Care Device: Prothrombin Monitoring Device	
Point-of-Care Device: Hospice Inpatient Unit Blood Glucose Meter.....	
Medical Equipment: Critical Items	
Linen Handling, Storage, and Cleaning	
Cleaning Spills of Non-regulated Medical Waste	
Cleaning Spills of Medical Waste on a Hard, Non-porous Surface	
Cleaning Spills on a Porous Surface	
Cleaning Environmental Surfaces in the Home.....	
Cleaning Environmental Surfaces in a Facility Providing Hospice Care	
Cleaning Environmental Surfaces in an Office Setting	

Home Care Infection Prevention and Control Program®

TABLE OF CONTENTS

Storage of Patient Care Supplies in a Vehicle	
Inspecting and Maintaining Patient Care Equipment and Supplies Stored in a Vehicle	
Medical Equipment and Supply Storage	
Labeling a Secondary Cleaning Product Container	
Cleaning a Refrigerator	
Appendix	
<i>Medication and Vaccine Refrigerator Temperature Log</i>	
<i>Food Refrigerator Temperature Log</i>	
<i>Temperature and Humidity Log</i>	
<i>Troubleshooting Record</i>	
<i>Equipment and Supplies Storage: Vehicle Inspection Checklist</i>	

PATIENT CARE PRACTICES

Sterile Equipment and Supplies	
Aseptic Technique	
Wound Care	
<i>Hand Hygiene</i>	
<i>Personal Protective Equipment</i>	
<i>Changing the Dressing</i>	
<i>Equipment and Supply Management</i>	
Wound Cleansers and Irrigation Solutions: Selection and Use	
Venous Access Device and Phlebotomy: Skin Antisepsis	
Venous Access Device: Changing the Dressing	
Needleless Connector: Disinfection Technique	
Needleless Connector Disinfection Technique: Disinfection Cap	
Needleless Connector: Indications and Frequency for Changing	
Needleless Connector: Clamping and Disconnecting Sequence	
Venous Access Device: Flushing and Locking	
Central Venous Access Device: Infection Prevention Strategies	
Central Venous Access Device: Evaluation and Criteria for Removal	
Removing a Nontunneled Central Venous Catheter	
Peripheral Venous Access Device: Infection Prevention Strategies	
Subcutaneous Access Device: Infection Prevention Strategies	

Home Care Infection Prevention and Control Program®

TABLE OF CONTENTS

Infusion Therapy Equipment and Supplies	
Collecting Blood for Culture and Other Tests.....	
Single and Multi-dose Vials.....	
IV Push Medication Preparation and Administration	
Patient Vaccination.....	
Medication and Vaccine Storage.....	
Refrigerator Temperature Monitoring	
Medication Storage During Transport to the Home.....	
Vaccine Storage During Transport.....	
Medication Storage in the Patient's Home	
Hospice Inpatient Unit Point-of-Care Device: Blood Glucose Meter.....	
Respiratory Therapy	
<i>Oxygen Concentrator</i>	
<i>Mechanical Ventilator.....</i>	
<i>Tracheostomy Tube.....</i>	
<i>Suctioning.....</i>	
<i>Nebulizer</i>	
<i>Metered Dose Inhaler.....</i>	
Preventing Lower Respiratory Tract Infection: Oral Care.....	
Enteral Therapy	
Indwelling Urethral Catheter Indications	
Alternatives to Indwelling Urethral Catheterization for Bladder Management.....	
Selecting an Indwelling Urethral Catheter.....	
Inserting an Indwelling Urethral Catheter	
Managing an Indwelling Urethral Catheter	
Performing Periurethral Catheter Care.....	
Managing a Urine Collection Drainage Bag.....	
Managing Urine Collection Drainage Using a Leg Bag.....	
Suprapubic Catheter Site Care	
Suprapubic Catheter Exchange.....	
Indications for Collecting a Urine Specimen: Urine Culture Stewardship	
Collecting and Transporting a Urine Specimen	

Home Care Infection Prevention and Control Program®

TABLE OF CONTENTS

Collecting and Transporting a Stool Specimen.....	
Collecting and Transporting a Rectal Swab.....	
Collecting and Transporting a Specimen from the Upper Respiratory Tract.....	
Collecting and Transporting a Wound Culture Specimen	
Collecting a Capillary Blood Specimen by Fingerstick	
Animal-assisted Activities	
Care and Handling of Animals in a Facility Providing Hospice Care	
Reducing the Risk of Transporting Bed Bugs and Other Pests	
Managing Bed Bugs in a Facility Providing Hospice Care.....	

ISOLATION PRECAUTIONS

Identifying a Patient with a Potentially Communicable Illness	
Standard Precautions.....	
<i>When to Implement</i>	
<i>Gown</i>	
<i>Gloves</i>	
<i>Mouth and Nose Protection</i>	
<i>Eye Protection</i>	
<i>Eye Protection Reuse</i>	
<i>COVID-19 Testing & PPE</i>	
<i>Cardiopulmonary Resuscitation</i>	
<i>Respiratory Hygiene/Cough Etiquette</i>	
<i>Patient Care Equipment & PPE</i>	
<i>Care of the Environment</i>	
<i>Textiles and Laundry</i>	
<i>Safe Injection Practices</i>	
<i>Post-mortem Care</i>	
Transmission-based Precautions	
Airborne Precautions	
<i>When to Implement</i>	
<i>When to Discontinue</i>	
<i>Respiratory Protection</i>	
<i>Patient Care Practices</i>	
<i>Staff Assignment</i>	
<i>Visitors</i>	
<i>Patient Placement</i>	
<i>Additional Precautions for Preventing the Transmission of M. tuberculosis</i>	
<i>Post-mortem Care</i>	

Home Care Infection Prevention and Control Program®

TABLE OF CONTENTS

Droplet Precautions	
<i>When to Implement</i>	
<i>When to Discontinue</i>	
<i>Patient Placement</i>	
<i>Respiratory Protection</i>	
<i>Staff Assignment and Visitors</i>	
Contact Precautions	
<i>When to Implement</i>	
<i>Patient Placement</i>	
<i>Gown and Gloves</i>	
<i>Patient Transport</i>	
<i>Patient Care Equipment</i>	
<i>Environmental Measures</i>	
<i>When to Discontinue</i>	
Enhanced Barrier Precautions	
Implementing Transmission-based Precautions: Setting up for the Home Visit and Entering the Home	
Implementing Transmission-based Precautions: Removing PPE and Exiting the Home	
Caring for a Patient with a Multidrug-Resistant Organism	
<i>When to Follow Standard Precautions vs. Contact Precautions</i>	
<i>When to Discontinue Isolation Precautions</i>	
Caring for a Patient with a <i>Clostridioides difficile</i> Infection in the Home	
<i>When to Implement Contact Precautions</i>	
<i>Hand Hygiene</i>	
<i>Personal Protective Equipment (PPE)</i>	
<i>Equipment and Environmental Measures</i>	
<i>Elimination</i>	
<i>Care Coordination</i>	
<i>When to Discontinue Contact Precautions</i>	
Facility-based Hospice Care of a Patient with a <i>Clostridioides difficile</i> Infection	
<i>When to Implement Contact Precautions</i>	
<i>Hand Hygiene</i>	
<i>Care Coordination</i>	
<i>When to Discontinue Contact Precautions</i>	
Caring for a Patient with COVID-19 in the Home	
<i>Respiratory Protection</i>	
<i>Gown and Gloves</i>	
<i>Hair and Shoe Covers</i>	
<i>PPE Donning and Doffing</i>	
<i>Hand Hygiene</i>	
<i>Waste Management</i>	

Home Care Infection Prevention and Control Program®

TABLE OF CONTENTS

<i>Equipment and Supply Management</i>	
<i>Staff Assignment</i>	
<i>Companion Animals in the Home</i>	
<i>Patient Education</i>	
Personal Protective Equipment and Aerosol-generating Procedures	
Source Control Measures	
Patient Face Masking Considerations and Exemptions	
Facility-based Hospice Care for a Patient with a Viral Respiratory Infection	
<i>Visitors' Core Infection Prevention and Control Principles</i>	
<i>Environmental Controls</i>	
<i>Patient Placement in the Facility</i>	
<i>Personal Protective Equipment</i>	
<i>Respiratory Protection</i>	
<i>Eye Protection</i>	
<i>Gown and Gloves</i>	
<i>Hand Hygiene</i>	
<i>Patient Discharge or Transfer from the Facility</i>	
<i>Staff Assignment</i>	
<i>Animals in the Facility</i>	
<i>Environmental Cleaning and Disinfection</i>	
<i>Food Services, Linen, and Medical Waste</i>	
Facility-based Hospice Care and Patient Testing for COVID-19	
When to Discontinue Isolation Precautions for a Patient with COVID-19	
Caring for a Patient with Monkeypox	
<i>Staff Assignment</i>	
<i>Patient Placement in the Home</i>	
<i>Patient Placement in a Facility Providing Hospice Care</i>	
<i>Hand Hygiene</i>	
<i>Personal Protective Equipment</i>	
<i>Equipment and Supply Management</i>	
<i>Waste Management</i>	
<i>Patient Transport</i>	
<i>When to Discontinue Isolation Precautions</i>	
<i>Patient Education</i>	
Caring for a Patient with Confirmed or Suspected Pandemic Influenza or Emerging Infectious Disease	
<i>Isolation in the Home</i>	
<i>Staff Assignment</i>	
<i>Patient Placement in the Home</i>	
<i>Patient Placement for Facility-based Hospice Care</i>	
<i>Standard Precautions</i>	
<i>Respiratory Protection</i>	

Home Care Infection Prevention and Control Program®

TABLE OF CONTENTS

<i>Eye Protection</i>	
<i>When to Discontinue Isolation Precautions.....</i>	
<i>Patient Transport</i>	
<i>Linen, Dishes, and Eating Utensils.....</i>	
Pandemic Preparedness Plan and Managing an Influx of Infectious Patients.....	
<i>Definition.....</i>	
<i>Mitigation.....</i>	
<i>Mitigation Measures.....</i>	
<i>Preparedness Planning for Surge Capacity.....</i>
